

LIFT

From Francisco Cano Atico private lift is the one after the stairwell.

To use lift: -

Insert the key into lock and turn. This will call the lift from the top floor. Enter the lift. Put the key into the slot marked 'A' and turn. This will take you to the top, into the apartment. Please observe lift notices regarding occupancy. When you exit the lift at the bottom please wait for it to automatically return to the top, thus ensuring that the apartment is secure.

Should the lift fail, you may use either the stairs or the other lift to the fourth floor. You then need to unlock the bottom gate, climb the flight of stairs to the top gate and unlock it.

If you experience any problems with the lift please contact Jean as per the 'People to Contact' sheet.

KEYS

In the apartment you will find four sets of keys for your use. These are colour coded for ease. The keys are for the following:-

- Red - Outside door in Francisco Cano.
- Blue - Outside door in Poeta Salvador Rueda.
- Orange - Bottom Gate of Stairwell
- Yellow - Top Gate of Stairwell.
- Plain – Lift Key

IMPORTANT

If you keep the stair-gates locked you can leave windows and doors of the apartment open and be secure whilst you are out.

PLEASE DO NOT LET STRANGERS INTO THE APARTMENT BLOCK
