

RULES

Please:-

Respect the soft furniture inside by putting towels to sit on if using suntan cream/oil.

Keep noise to reasonable levels.

IN SPAIN, IT IS AGAINST THE LAW TO HAVE LOUD MUSIC AFTER 12.00 MIDNIGHT. YOU MAY BE PROSECUTED.

If you need to use the air conditioning make sure all doors and windows to the rooms are firmly closed. **There is no need to leave the air conditioning on when you are not using the room, as the units are very efficient and will bring the temperature down very quickly- 30 minutes maximum.** Please respect this as the units are costly for us to run and we would like to be able to continue to offer this service at the current price.

Make sure food is always sealed and put away. We don't want to encourage creepy-crawlies.

Do not take the towels provided to the beach.

Rubbish to be bagged up and taken to the bins provided at the car park, after 8pm. It will be collected in the early hours of the morning.
An extra charge will be made should excess rubbish be left in the cottage on your departure.

Your co-operation in abiding by these rules is appreciated

We reserve the right to immediately terminate your stay in the event of any serious damage or disruption in the cottage.
